

We've launched for PBBR/PBMLS members!

And we're working on setting up the data-shares with all of our Michigan Reciprocal Alliance partners and our other data-sharing partners as well. And if you'd like for us to try to add even more, give us some ideas outside of our data-sharing areas that you'd like us to negotiate with! Right now we have agreements from most of our regular MLS data-sharing partners displayed in green or grey on the map in this link. <http://www.pbbr.com/limited/index.htm>

We'll keep you updated on the progress!

And we've arranged for one live training class from the RPR training pro, Ernie Bottoms, before offering Webinars to find out how to use it! It is always easier to learn from a "live" class where you can ask questions in person. He was on his way up to Traverse Area Association and then Emmet Association (Petoskey) later in the week, and I was able to "piggy back" on that opportunity for you!

So ... please, won't you join us at 9:00 a.m., on Wednesday, February 22nd, at the Cadillac Elks Lodge on Mitchell Street (Third Floor) in Cadillac to learn how to get started on RPR? Complimentary coffee, tea and continental breakfast will be served. **RSVP NO LATER THAN FRIDAY, FEBRUARY 17TH TO RESERVE YOUR SEAT AND A FREE CONTINENTAL BREAKFAST!**

Our trainer, Ernie Bottoms, says:

Give Us an Hour! Did you know that you can search for properties in your own MLS using value retention heat maps, flood maps, and even school zones?

Join us for a special RPR education opportunity and in just an hour, you'll leave armed with a whole new world of research and valuation tools that help you to anticipate and answer the most discerning client's property questions in a snap.
